#### Notice from Mayor Escapule on COVID-19

Governor Ducey is not changing his order to stay sheltered in place until April 30<sup>th</sup> and I am asking the Citizens of Tombstone to continue to comply with the Governors wishes in making our community safe.

I would like to caution all citizens to be aware that politicians and candidates are not exempt from the Governors Order. If a candidate comes to your house wanting to put up signs or talk to you, you have every right to protect yourself and your family and ask the candidate to leave.

As a candidate for Mayor, I would never jeopardize the safety of my friends and neighbors in an effort to solicit votes. This is not the time to campaign; this is the time to be aware of the seriousness of this COVID-19 virus.

Your social distancing has proven to be effective considering there are no COVID-19 cases within the 85638 zip code that we know of at this time.

The latest Executive Order issued March 30th by Governor Doug Ducey follows new guidance from the Centers for Disease Control and Prevention (CDC) and comes at the recommendation of public health officials who are tracking data specific to Arizona. The Governor's order promotes increased physical distancing, while encouraging social connectedness among citizens.
