

TIER 3 PUBLIC NOTICE

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for City of Tombstone

Our water system violated drinking water standards over the past year. Even though these were not emergencies, as our customers, you have a right to know what happened and what we did to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During 07/01/2018-09/30/2018 we did not complete and submit the 3rd quarter report for Disinfection Byproducts. During 05/01/2020 through 05/31/2020 we did not submit the May results for Total Coliform. and therefore cannot be sure of the quality of our drinking water during those times.

What should I do?

There is nothing you need to do at this time.

The table below lists the contaminant(s) we did not properly report for during the last year; how often we are supposed to sample and how many samples we are supposed to take; how many samples we took; when samples should have been taken; and the date on which follow-up samples were (or will be) taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were taken
Disinfection Byproduct	Quarterly	4	07/2018-09/2018	07/31/2018
Total Coliform	Monthly	2	05/2020	05/05/2020

What is being done?

The Disinfection Byproduct Report was submitted to ADEQ. The Total Coliform Results were submitted, to ADEQ on 03/03/2021 along with the chain of custody.

For more information, please contact Jack Cullum at 520-559-6471 or jcullum@jnjwaterworks.com.

Please share this information with other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
